

IES Consulting

Linking students to the working world

About us

IES Consulting is a Human Resources Consultancy specialised in providing qualified and paid internship and trainee positions abroad for European students.

Within the framework of the **Project to Promote International Student Mobility** we connect the educational demand of educational institutions, students and companies by means of professional international **internships**.

Numerous famous universities in France, Italy, Germany, UK and other European countries count among our partners in the joint mission to enable students to find their internships abroad.

More than 500 educational centres already benefit from access to our wide network of partner companies in the Project to Promote International Student Mobility.

Our mission

By means of excellent and efficient selection processes we aspire to promote the internship market based on the international mobility in the spirit of the European Union, within the legal framework of internship agreements and responding to the constantly growing training demand of international companies.

Benefits for universities and students

IES Consulting recognises the modern challenges of universities, schools and other educational institutions in Europe as well as the growing exigencies of students of various career pathways faces those with a broad offer of well-known and trustful partner hotels and companies, attractive internship locations, flexible internship durations as well as a huge variety of departments.

We guide the students throughout the whole application procedure all the way to the first day of their internship by ensuring a quick and easy selection process via telephone, our broad offer of qualified and **paid internships**, providing an internship agreement in accordance with the requirements of the educational institution, information and advice on arrival, accommodation, insurance, etc.

Would you like to help your students to find their internship abroad?

We allow you and your students access to our flexible internship offers: year-round, for durations between 2-12 months, you have the choice of various internship destinations, sectors and departments.

Our experienced team of skilled HR consultants offers the students professional advice on writing their applications and on preparing their telephone interviews with the internship company.

Our close and long-term cooperation with our partner companies allows us to grant the students a personalised and quick application procedure as well as a privileged position in the selection process.

Registration at IES Consulting is free of charge. Only after confirmation of an internship position in accordance with the students' and universities' requirements, we will charge a fee for our service, depending on internship country and location.
